Make your construction crew the best in the Pixel world! Control heavy machinery, order the necessary materials from the warehouse and try not to miss any stages of construction with our airport building simulator! Dig a pit with an excavator, fill it with concrete using a concrete mixer, insert piles, operate a tower crane to move concrete blocks, drive a truck to transport stones and steel, and move it using a special forklift! Don't forget to use bulldozers and dig into the garbage! Feel like a real foreman at work! Improve your driving, parking and loading skills and you will be generously appreciated! It's an airport after all – so you can build a helicopter platform or runway strip here! Airport Building Construction Simulator features:• New airport construction simulator• Possibility to go through all stages of construction• Wide range of different missions• Realistic 3D graphics• Addictive gameplay Graphics and physics engine could be better. When I read the title I thought it wasn't a game where I had to make levels. Although a pretty solid game. The reason I like these games is because it's something else, but with the level it's much worse Developer, Daria Zhdanova, did not provide details about his privacy processing of Apple's data. For more information, see the developer's privacy policy. The developer will need to provide privacy details when submitting the next app update. App support policy Open the Mac App Store and buy and download apps. Have you ever dreamed of your own airport? With our Airport Construction Tycoon game, your dream can come true! Be the manager of a small private airport, start with a small terminal with a single runway belt and several planes! Enlarge your car park, add some levels to the control tower and main building, buy new

resort buses and planes and upgrade your airport hotel from a small dirty motel to a bright giant hotel de-lux! Deliver passengers, earn money, hire new employees and improve your airport and its territory! Unlock new countries and cities for your travel routes to earn even more money! Paris, Reykjavik, Moscow, Minsk, Tehran – create roads to all these cities, transfer tourists and have fun! Sometimes you can upgrade food on board your planes - from spaghetti with wiener to baked pudding with cheese crust! So, best of all, improve your airport and have fun with Airport City Builder Tycoon! Check out our Airport Construction Tycoon - a game for all passionate airport lovers and tycoons - and have fun! Airport Construction Tycoon features: Amazing city airport tycoonA wide range of new buildings and upgradesMnami unlockable routes for your passengersEate almost everyone in your transport terminal! The developer, Kseniya Vazilyuk, did not provide Apple with details of its privacy and data handling practices. For more information, see the developer's privacy policy.
